Volume XXXVI

SAN JOSE, CALIFORNIA, WEDNESDAY, APRIL 7, 1948

Number 110

## STAFF HOLDS PLAY TRYOUTS THURSDAY

Tryouts will be held for one major Little Theater production and three one-act plays Thursday afternoon by the staff of the Speech and Drama department. Students are urged by the department to try for several or all of the plays.

Dr. James Clancy will conduct tryouts for "The Wanhope Building," a modern satire on American culture, in room 155 at 4:30. This will be the last major production of this year.

Student directors are conducting the tryouts for the one-act plays. "Aria Da Capo" by Edna St. Vincent Millay will be casted by Roxana Hildreth in B2 at 4:30. Barbara Bowman will conduct tryouts for "Helena's Husband" in room 157, and Darrell Bond will hold tryouts for "The Pot Boiler" in 153.

These one-act plays will be presented May 13 and 14 and May 26 and 27.

"The Wanhope Building" needs a cast of 36 characters. All parts are speaking parts. The play books are on reserve in the library.

## GET IN THE SWIM!

Tickets for the annual swim show will go on sale tomorrow in the Graduate Manager's office, announced Miss Mary Hooten, advisor, yesterday.

The show is scheduled to run April 15, 16 and 17 in the college pool. Only 1,500 tickets are available and no seats will be reserved. Tickets will sell for 50c, or 75c for non-ASB.

## Sorority Elects New President

Lois Higgs, junior library major from Sacramento, will preside over the San Jose State college chapter of Sigma Kappa for the coming term.

Other newly-elected officers of the national sorority on campus are Ramona Hicks, first vice-president; Jo Ann Eliason, second vice-president; Florence Winning, corresponding secretary; Doris McLain, recording secretary; and Lenore Cox, treasurer.

## ADVISOR AIDS VETS

J. D. Murchison, California Vets representative, will be in room 18 from 11 o'clock on today. All California Vets and students interested in the program should come in, urges Miss Josephine Koose, veterans' coordinator.

All California Vets who have not turned in an estimation of their purchases for this quarter, report to room 18 before April 9.

## REP. B. CLAY RESIGNS FROM COUNCIL POST

Beverley Clay, senior representative to the Student Council, handed her resignation to the Council after the meeting held Monday evening, ASB President Emerson "Doc" Arends revealed late yesterday afternoon.

Miss Clay's action was taken because of student teaching duties at San Jose High school, she said in a private interview. Besides being Council representative, Miss Clay held the office of vice-president of the Junior class, is a past-president of Alpha Chi Omega, social sorority, and is a member of Black Masque. She has been a member of Spartan Spears, and on class councils for several quarters. She plans to graduate in June with a special secondary degree in commerce.

At the Senior class council meeting held yesterday afternoon it was moved that the Council recommend to the Student Council that Sal Millan, last spring's class president, be appointed to fill the vacancy left by Miss Clay's resignation. The Seniors plan to ask this be considered.

## "It's Not Fair" Laments Pisano

Mr. Rocci J. Pisano, biology laboratory instructor, has his troubles. While the McCallums and the Rhodes of the department enjoyed their spring vacation swimming at the beach or sleeping at the end of a fishing pole, he complained that he spent his entire vacation preparing for his new course, Plant Pathology.

"Dr. McCallum tells me that he gets paid for what he knows. I get paid for what I do," Mr. Pisano lamented.

## Moving Picture Shows Early Garbo Film

"The Story of Gosta Berling," one of Greta Garbo's early Swedish pictures, will be presented in the Little Theater tonight at 8:00 by the Speech and Drama department.

This is the first in a series of old Swedish and American films which the department will show. Tickets are on sale at \$1 for the series.

## BAPTISTA WILL SING 'LADY MARIAN' ROLE

EMILY BAPTISTA

Emily Baptista, soprano, will play the role of Lady Marian in the comic opera, "Robin Hood," according to the Speech and Music departments, whose production is to be presented May 20, 21, and 22.

"Miss Baptista possesses a splendid soprano voice of great flexibility, with lyric dramatic texture," explains Miss Maurine Thompson, vocal instructor under whom Miss Baptista studies.

As an Oakland high school student, the young singer had leads in a number of operettas and musical plays. A music major at San Jose State, Miss Baptista hopes to make singing and music teaching her career. She has appeared in various college recitals and as a soloist on vocal programs. The talented senior is a member of the A Cappella Choir and Mu Phi Epsilon, national honorary music sorority.

"Emily has undertaken a truly ambitious role as Lady Marian," explains her instructor, Miss Thompson. "The part requires a wide range of flexibility and power. Few singers find it easy to project their voices into a large auditorium, and use such a wide range at the same time."

The production will take place in the Morris Dailey auditorium.

## Mobile X-Ray Unit Visits Here Today

The mobile X-ray unit of the Santa Clara County Tuberculosis association will be on campus today to take chest X-rays of new students. This is a routine part of the physical examination required of all entering students.

Students who have been given appointments for this date are requested by the Health Office to report between 9:00 a.m. and 3 p.m. for this service.

## COP AHEAD IN DRIVE

Midway through the second day of the week-long WSSF drive, the College of Pacific holds a \$99 lead over San Jose State in funds collected. COP has taken in \$450. The Spartans \$351. (There are 2500 students at COP.)

## Student Recovering From Leg Wound

Albert C. Smith, sophomore liberal arts major, is recovering from an operation on a leg wound in Navy Hospital, Oakland, stated Miss Bernice Van Gundy of the Dean of Men's office. Smith is a resident of Spartan City and is the father of four "future Spartans."

## WSSF RALLY PLAYS TONIGHT IN AUDITORIUM

It's show time! Tonight at eight the World Student Service Fund committee at San Jose State college, headed by Hall Landry, will present a drive rally in Morris Dailey Auditorium.

Tommy Pratt and his orchestra will furnish music for the songs of Fred Ross, baritone, and present mood music for the antics of Ed Mosher, magician. The "540 Boys" will be on hand for a few hill billy tunes, Landry asserted, and Dorothy (Medea) Lyons will entertain with a dramatic skit. The show is presented by Sal Millan, Ruth Bryce, and Jack Darrow. Bill Ellsworth will act as master of ceremonies.

"The purpose of the show," stated Florence Winning, publicity chairman, "is to raise funds for the WSSF. Canvassers for the week-long drive are now carrying on the tremendous task of contacting every student at SJS, either on campus or at their homes."

## PHI MU ALPHA ALL-AMERICAN CONCERT GOOD

By PAT O'BRIEN

Phi Mu Alpha, national honorary music fraternity, commemorated Chapter Day with a step in the progressive music movement by presenting an all American concert in the college Little Theater last night. The audience responded wholeheartedly to its youthful, vital American music.

From Daniel Gregory Mason's sentimental Chamber music, the emotional "Variations on a Theme by John Powell, for String Quartet" was most delicately played by Alfred Vines, and Wallace Johnson on the violin, Dennis Barrett on the viola and Joseph Cathey on the cello. The ensemble group concluded with Walter Kramer's prolific "Elegie."

Dale Olson was accompanied by Edith Egan in the difficult "Concert Piece No. 2 for Trombone" by Eugen Riche.

With a well trained and cultured voice, baritone Wesley Walton rendered three stirring vocal numbers, ably accompanied by George Walston on the piano.

The comparatively frequently performed music of Paul Creston was presented with George Walston's brilliant rendition of "Prelude and Dance."

"Dance Suite for Woodwind Quintet" by Blumer, brought a lively response from the audience. Winifred Pearson, Phyllis Mace, James Schwartz, George Cunha and Rod Swearingin composed the quintet.

## OFF THE WIRE

By UNITED PRESS

Edited by PAUL VON HAFTEEN

WASHINGTON—President Harry S. Truman's first choice for the administrative post of the vast European Recovery Program was Paul G. Hoffman. If his nomination is approved the present president of the Studebaker Corporation will receive a \$20,000 a year salary. Mr. Hoffman was a member of the Harriman committee which studied probable American resources which could aid Europe.

HELSINKI—Finland and Russia have signed a Treaty of Friendship and Mutual Assistance, the Finnish Foreign Office spokesman indicated yesterday. It was reported that the pact did not include permission for the Soviets to use peacetime bases in Finland. The "Friendship Pact" still must be ratified by the Finnish Parliament.

SAN FRANCISCO—Lieutenant General Mark W. Clark, Sixth Army commander, awarded a Presidential Certificate of Merit to crooner Bing Crosby at the Army Day exercises held at the Presidio yesterday.

WASHINGTON—Soft coal operators yesterday acquiesced to the court injunction signed in Washington Saturday and offered to meet with John L. Lewis, head of the UMW. However, the miners have not returned to work. In fact, the strike was reported to be spreading. Issue in the strike is the pension plan for miners. Mr. Lewis agreed to meet with the operators.

WASHINGTON—House Speaker Joseph W. Martin, Jr., declared that the world situation will decide whether or not Congress will adjourn in June or September. Martin hinted that Congress may remain in session during the two National Conventions to be held in June.

TOKYO—The Japanese anxiously awaited the outcome of the primary election which was held in Wisconsin yesterday. The three major candidates were former Governor Harold Stassen, of Minnesota, General Douglas MacArthur, and Governor Thomas E. Dewey of New York. General MacArthur was a favorite son candidate of Wisconsin. He was favored to obtain the majority of the Wisconsin convention delegate votes.

## Students, Reporter, Toss Questions At NSA Officers

At a Spartan Daily press conference and Student Council meeting held Monday with Sally Holt and Dick Heggie, NSA regional officers, students and reporters maintained a steady flow of questions to the executives. A text of the questions and answers is given here:

Q. "Is there any stipulation about Communism in the NSA constitution?"

A. "Yes. The NSA will stand opposed to any form of government which suppresses freedom of education."

Q. "Will the NSA financially help students in college?"

A. "Not as yet, but our organization is working toward that type of aid."

Q. "When does the NSA congress meet?"

A. "Once a year, usually in the east or middle west."

Q. "Do new chapters have the right to vote at conventions or any other type of meeting where they are represented?"

A. "Yes."

Q. "How much dues would a college like San Jose State college be required to pay upon acceptance into the NSA?"

A. "\$241 for national dues plus \$96 for regional dues. No initiation dues are required."

Q. "What is the status of NSA in regard to the International Union of Students?"

A. "Minority groups such as the IUS and the AYD have no vote but are represented. Only the student bodies of colleges and universities have authorized votes."

Q. "What percentage of all money collected by NSA is used to pay help?"

A. "There are five salaried officers. These are all national, and there are none in any of the regions. Salaries run about \$2000 a year, to those officers who devote full time service to the job. A lack of funds has cut this to about \$1500 this year."

"The regional dues of 40 per cent above the national assessment is used for travel expenses, and for such office expenses as publishing booklets, newspapers, etc."

Q. "Why is the South so hesitant about affiliating with NSA?"

A. "NSA by-laws mention discrimination. Southern students are for the elimination of this, but the administration has stepped in, in many instances. It is not politic

to work against discrimination in the South.

Q. "In other words, NSA is definitely against discrimination?"

A. "I didn't say that. The by-laws say that we will work toward reduction of discrimination."

Q. "Then the by-laws are so flexible that you can tell us that you are against discrimination, and tell them in the South that it is ok?"

A. "No, but those schools who fail to work against discrimination will probably be asked to withdraw from the organization."

Q. "How many voting delegates will San Jose State have at the regional conventions?"

A. "Based on proportional system, you will have five."

Q. "Why isn't San Jose State a member of the NSA?"

A. "It is hard for a school to get around to direct contacts. It is unfortunate that official representation (ASB president and vice president) weren't at the national convention in Madison, Wisconsin, last summer."

Q. "How many schools in California are members?"

A. "16."

## Aims, Ideals Of NSA

The preamble to the constitution of the United States National Student Association will become an expression of the aims and ideals of the Associated Student Body of San Jose State college should we accept NSA on this campus.

We will be expected to fight for these ideals, to push these aims ahead to the best of our ability. To the following we would pledge our allegiance:

"We, the students of the United States of America, desiring to maintain academic freedom and student rights, to stimulate and improve democratic student governments, to develop better educational standards, facilities, and teaching methods, to improve student cultural, social, and physical welfare, to promote international understanding and fellowship, to guarantee to all people, because of their inherent dignity as individuals, equal rights and possibilities for primary, secondary, and higher education regardless of sex, race, religion, political belief or economic circumstance, to foster the recognition of the rights and responsibilities of students to the school, the community, humanity, and God, and to preserve the interests and integrity of the government and Constitution of the United States of America, do hereby establish this Constitution of the United States National Student Association."

That is a straightforward presentation of what we would be agreeing to should we ratify the NSA constitution when it comes before the Student Council late in May.

The Council representatives are your representatives, you, the students of Sparta, put them in office. Every thinking student should let the Council know how he feels.

This is a burning issue requiring vigorous action for or against! It's time to make a stand!

## Turn Off That Light!

As we drowsily watch the bucketfuls of liquid sunshine ruin the weekend at Santa Cruz, we are continually being hounded by this cry. The power shortage is so critical that college power may be turned off for a time, unless our consumption of electricity be reduced.

This reduced power has been serious enough to curtail production and to cause advanced unemployment in the county. It won't stop with hampering education. It is up to education to help curtail the shortage.

Each individual can help in this matter at home, as well as while on campus. Turn out all lights not being used, and don't let electrical appliances run when not needed. On Washington Square each student is urged to refrain from using any appliance not absolutely needed.

The rains which are making our pathways muddy and hard to navigate is also filling the reservoirs. If these April showers continue to plague our weekends, we can be consoled that we won't have ringing in our ears continually, "Turn out that light!"

## Hear From There by Louis Noia

New out-of-state students who would like some easy money might contact Dr. Charles J. Lunsford, head of the dermatology department at Cowell hospital, Berkeley.

The UC Daily Californian reports that the doctor wants seven such non-resident students, male or female, to be bitten by California bred and reared fleas at one dollar per bite. He seeks to determine the effects of the native flea bites on visitors to our state. Dr. Lunsford first asked for ten human guinea pigs.

A stampede of students was expected. Only three showed up—trembling, terror-stricken, but wanting a dollar.

Discrimination of minority groups can be eliminated only by passing favorable laws, such as a fair employment practices act, states University of Minnesota philosophy instructor Forrest O. Wiggins in a story carried by the Minnesota Daily.

"People can be educated out of prejudices, which are not dangerous; but education will not do anything toward eliminating discrimination, which is the action on prejudices," he points out.

The instructor cited the presidential directive to abolish discrimination in war industries during the war as an example of the effectiveness of law—if the law is strong. Perhaps a few of our faithful Thrust and Parriers have comment to make on this issue.

The University of Nevada isn't satisfied with mere head-and-shoulder pictures of their Mackay Day Queen candidates. Full-length photos (and in shorts) are used. Would there be more interest in our Spardi Gras Queen elections if our girls would do the same?

Our voters would be better able to study the more important qualifications of the candidates. A truly democratic principle.

## Moeck-Egan

The engagement of Shirley Ann Moeck and Garvin Egan was announced recently at an informal birthday party honoring the bride-elect.

Shirley, a sophomore music major, is a member of Mu Phi Epsilon, Kappa Phi and San Jose Players. Egan served with the United States Army Air Corps during the war and is a sophomore majoring in commerce.

## Bubble Gum Gums-up Noses Of Blowers

By HARMAN W. NICHOLS  
United Press Staff Correspondent

WASHINGTON (UP)—Gum is a horrible word, but it's worse on the end of your nose. Particularly bubble gum, which is worse almost anyplace.

So an outfit in Boston named Gum Products, Inc., got to thinking about it and dreamed up a new kind of chewing wax. A non-stickable stick of bubble gum. It won't get in the hair, eyes, ears, nose or throat. And while he was at it, Thomas G. Wilder, the gum vice president, thought up a set of rules for chewing the stuff.

Tom Wilder got pretty sore about all the nasty things people were saying about his product. Somebody wrote a song about "I'm Forever Blowing Bubble Gum." That was fine. But at a convention of dentists, one brash molar-yanker alleged that the constant blowing that goes into bubbles causes buck teeth. All of this sort of nonsense stirred Tom up to the point where he issued a communique. Scoffed he:

### ABSURD

"This is absurd. Everybody, including small children, knows that if you huffed and puffed hard enough to extend your teeth, you'd blow very puny bubbles."

All right. So our friend Tom went on from there. He mailed in a set of chewing rules. Viz:

1. Don't chew gum in church. And if you do, for heaven's sake, don't blow it!
2. People dread it when you spread it. Keep it to yourself.
3. No parking in public places. Wrap it before you flip it.
4. Nobody likes a "stuck up" kid. Keep it off your face and hands.
5. Dirty paws make dirty jaws. Don't rubble the bubble.
6. Nobody swaps chewed-up potatoes. Why swap chewed-up bubble gum?
7. Time out. There are 366 days this year, leap year. Don't chew your head off in one day.
8. Schools are places to learn, not churn. Put stoppers on your choppers. Don't be the teacher's pest!
9. Don't gum up the works!

### ANTI-BUBBLE GUM

Mr. Wilder is sitting there in Boston on his fat wallet and viewing with alarm. He understands that a log of anti-bubble gum cliques have been organized and with that sort of across-the-land lobbying, he can see a fine industry going right out the window.

The gum man admitted he saw the possibility of constitutional amendment No. 22. If the kids don't take well to the etiquette of chewing bubble gum, Congress might get busy and pass some kind of a silly law.

"Kids," said Mr. Wilder in another prepared statement, "have got to start chewing bubble gum, instead of wearing it."

Amen, amen, amen, amen!

And Congress, I love you. Get busy.

## Duck Population Shows Increase

SAN FRANCISCO, April 6. (UP)—The duck population in California is much greater than it has been in recent years, California sportsmen told Al Day, director of the National Wildlife Service, at an open meeting here today.

However, Day indicated little chance of an increase in the daily bag limit for California hunters for the coming season. Last year the limit was four per day and eight in possession. Huntsmen argued the limit rules should be changed to read "eight per day and eight in possession" to reduce the number of law-breakers.

Day told the sportsmen, who are assembled here from all over the state, that ducks had lost a million acres of refuge in the last 40 years.

## Mary Jonas Takes Co-Honors As Women's PE Super Spartan

By BETTY WHITAKER

A transfer student from Sacramento J. C., Mary H. Jonas holds co-honors with Edith Johnson as Super Spartan. The selections were made recently by the Women's Physical Education department.

Mary is a native of Sacramento where she attended local schools. She begins student teaching this quarter at Lodi High school. After

being graduated this June, Mary plans to teach several years in the vicinity of Sacramento.

After her teaching stint, Mary expects wedding bells. Her fiancé is attending Chico State at present.

At present, Mary is manager of the Women's Athletic Association Basketball League and during fall quarter she held the office of WAA bowling manager.

The Super Spartan is very proud of the bowling league, as this group took first place in the National Telegraphic Bowling Tournament.

Mary holds membership in Tau Gamma, honorary physical education society, as well as in Kappa Delta Pi, honorary education fraternity.

Mary renewed her national official's rating in basketball this year, having won her rating in 1946 during her sophomore year at Sacramento J. C. As to plans for the summer, Mary hopes to be working for the recreation department in Sacramento.

"My three top favorite sports are basketball, hockey, and swimming," states Mary, and when asked how she liked State she replied, "I like it all, everything has been perfect."

MARY JONAS

## Language Major Boasts Collection Of Footgear From Foreign Lands

By JEWEL SCHNEIDER

In these uncertain times, all God's chillun do not have shoes, but Joseph Sarriph, sophomore modern language major from Redwood City, need have no worries as far as an adequate supply of footgear is concerned. Besides his usual quota of ordinary shoes, Sarriph has collected a pair from each of the foreign countries he has visited.

While serving in the Army's Third Infantry regiment, Sarriph attended the Biarritz American university on the Bay of Biscay. There he acquired the first pair of shoes in his collection, hand-woven straw loafers with straw soles and wooden heels. These are worn by the Basques, a Spanish-French people living in the Pyrenees mountains. For this pair, which has already lasted over three years, he paid the equivalent of 50 cents in American money.

Sarriph also has a pair of French sabots made entirely of hand-carved wood except for the piece of leather that covers the front part of the foot. He bought these in a churchyard marketplace for the equivalent of about 40 American cents.

"The only drawback is that I can't wear them to school; they make too much noise," he laments.

Since no collection of shoes would be complete without a pair of Mexican hurachas, Sarriph was sure to add these to his supply while visiting Tijuana. In contrast to the trifling sums paid for the other shoes, the price of the hurachas was four American dollars. With the typical unconcerned-about-cost air of the true souvenir hunter, Sarriph says philosophically, "Oh well, that's just another indication that Mexican currency is much more stable than the franc."

Sarriph's main ambition is to do much more traveling abroad and to bring back a pair of shoes from every foreign country he visits.

The worst men often give the best advice. —Bailey

## SPARTAN MEN TO ATTEND TAU DELT SPONSORED MEET

An all-male student meeting will be held in the Student Union Thursday night, April 15, at 7:30 o'clock. The purpose of the meeting will be to acquaint students with the customs and traditions of San Jose State college, announce Tom Wall and Dale Nelson, in charge of the meeting.

Deans Paul Pitman and James DeVoss and Dr. Dudley Morehead are expected to speak at the meeting.

The program is being sponsored by Tau Delta Phi in cooperation with other honor organizations. Representatives from various honor organizations and departments will be present to answer questions concerning college life and to discuss the matter of job placement in various fields. Any particular student problems will be handled by Tau Delta Phi.

All male students are urged to attend, and especially those attending San Jose State for the first time this quarter.

## Panhellenic Meet Invites Received

Helen Dimmick, Dean of Women, announced today that she has received invitations to the Panhellenic Alumnae association luncheon on April 15 at the University of California, Berkeley, for the ten presidents of sororities on this campus.

A few of the invitations have already been given out, but Miss Dimmick asks the presidents of the following organizations to contact her in her office: Delta Gamma, Allenian, Chi Omega, Kappa Alpha Theta, Delta Zeta, Alpha Phi, and Gamma Phi Beta.

## Late Registrants Boost Enrollment

An additional 143 late registration students boosts the total of students registered for the spring quarter to 6,205, according to Registrar Joe H. West.

Veterans are holding their own with another 66 registered, bringing the veteran total to 3,023, the Registrar reported.

Spring quarter enrollment remains approximately 200 less than winter quarter.

## Santa Clara Univ. Left \$250,000

SAN FRANCISCO, April 6 (UP)—Requests amounting to more than a million dollars were left in the late Mrs. Delia L. Walsh's will, filed for probate in superior court today by her attorneys.

Most of the money will go to Catholic organizations in the Bay area and the Peninsula.

Santa Clara university will receive \$250,000. St. Ignatius college, Alma college, and Mrs. Walsh's attorney, Garrett McEnerney, each get \$100,000.

Gifts ranging from \$10,000 to \$50,000 apiece go to other Catholic schools, churches, hospitals, and charities.

## Constitution To Be Streamlined

SANTA BARBARA, Cal., April 6 (UP)—Legislators and 400 advisors of a committee streamlining the California constitution today studied a list of 28 obsolete provisions in the document.

The monograph, prepared by Norris J. Burke, general counsel of the joint interim committee on legislative constitutional revision, pointed out sections which have been noted often as especially out of date and unnecessary.

Among them were sections dealing with the San Francisco World's Fair, items referring to the Chinese and declared in conflict with the United States treaty with China, and sections on election of officers on adoption of the 1879 constitution.

## INTERVIEWS FOR CAMP COUNSELORS

Appointments for interviews with visiting directors for prospective summer camp counselors continue this afternoon at 3, announces the women's physical education department.

Miss Dorothy Finley of the Oakland Camp Fire Girls will be available for interviews for those interested in counseling at Camp Celio at Lake Vera, Nevada City. The camp is scheduled to be held from June 17 to August 5.

Tomorrow at 1 Miss Helen Germann of the Petaluma Camp Fire Girls will be present to interview prospective counselors, Miss Germann and Miss Malfeyt are the directors for Camp Thayer at Cazadero, Russian River and Camp Wastahi, Big Basin State Park respectively. They report that all types of counselors and directors are needed. Additional information may be obtained in the physical education office.

## LOWELL PRATT IS GRANDPAPPY

Journalism Instructor Lowell C. Pratt is now a grandfather.

"Heck, I didn't have any trouble at all," he declares modestly. "I'm bearing up rather well under the ordeal."

Mr. Pratt shares President T. W. MacQuarrie's opinion that it is far better to be a grandfather than MERELY a father. The two wise men believe there is less fuss, worry, and EXPENSE involved.

The brave new grandpa does not want all the credit. He did mention that his daughter and granddaughter are ALSO getting along rather well.

## Men's Club Meets Tomorrow

An April meet of the San Jose School Men's Club will be held April 8th at the new Willow Glen Methodist Church, according to Mr. James Stevenson of the Industrial Arts department.

Detective Leon Green of the San Jose Police department will be speaker. Members are asked to make reservations with Mr. Stevenson in the Industrial Arts department.

## UC Takes Over Atom Bomb Lab

LOS ANGELES, April 6 (UP)—The University of California today took over operation of the nation's Los Alamos, N. M., Atomic Bomb laboratories for four years.

The university signed a contract with the Atomic Energy Commission yesterday, replacing yearly contracts under which it had founded and operated the project since 1943.

University President Dr. Robert Gordon Sproul said the four-year agreement would result in a closer tie between the university and the laboratories, where research is in progress for peacetime development of atomic energy.

## SAE Holds First Frat Smoker

Members of SAE fraternity held their first smoker of the quarter at the fraternity house Monday night.

According to rush committee members, Ralph Klindt and Dick Huntwork, 23 guests attended the informal smoker.

## BUG BOTHERED? SCIENCE BLDG. OFFERS SOLUTION

Students who are at a loss what to do with cockroaches, ants, beetles, and other insects which they find crawling in their cookies, vegetables or pretzels, are requested to bring them to Ruth Ogren in the Science building.

Miss Ogren is preparing a handbook on insects found in stored foods. The book will be used by canneries in the area to train technicians to control insects in food. She needs all types of insects for observation.

Miss Ogren graduated from San Jose State college in 1947. She has done extensive research in local canneries for several summers.

## Bid Sales Begin For Cotillion Dance

Bids are on sale at the library arch for the Cotillion Dance, sponsored by Alpha Omicron Pi, national social sorority, to be held Friday evening from 9 to 1 in the Empire room of the Sainte Claire hotel.

The affair will be semi-formal and will feature the music of Paul Putnam and his orchestra. "While the dance is scheduled to include a few waltzes, schottishes and polkas, it will feature regular social dancing," states Shirley Tallman, publicity chairman.

## Arends Meets With UNESCO

ASB President "Doc" Arends will represent San Jose State college May 13 at the Pacific Regional Convention of UNESCO in San Francisco.

He was named by President T. W. MacQuarrie to attend the confab where 3000 other delegates are expected to be present.

The United Nations Educational and Scientific Cultural Organization will meet in the St. Francis hotel.

## Thomas Predicts Rein On Commies

WASHINGTON, April 6 (UP)—Chairman J. Parnell Thomas said today his House un-American Activities committee hopes to prepare by tomorrow "some very drastic legislation" to throw a tighter rein on American communists.

The New Jersey Republican told reporters following a meeting of the committee that the proposed legislation will be "very broad, very illuminating and quite drastic." He declined to go into details.

Thomas also said that the committee will hold hearings "as soon as possible" on his charges that 30 Communists entered the United States through "pressure by prominent government officials."

He said the hearings were among eight projects approved by the committee. Others include early resumption of the communism-in-Hollywood hearings and a report by Thomas on his investigation of communist activities in the Panama Canal zone.

## RUSH ADDRESSES BUSINESS CLASS

Roger Rush, regional sales manager for Sunset-McKee-Standard Register company of San Francisco, will address the Business Management class Friday at 10:30 on the subject of office organization.

A feature of the lecture will be the presentation of charts and two short movies by Mr. Rush on the organization of office routines.

Unfortunately, due to limited classroom space, only students enrolled in the class will be allowed to attend, stated Dr. Wright of the Commerce department who is sponsoring the lecture.

## FRAT HONORS PLEDGES SUNDAY

Chi Delta Phi fraternity pledges were formally honored at initiation ceremonies Sunday evening with dinner in Palo Alto, following the informal initiation Friday night at the home of Chuck Tower, according to Press Secretary Ed Brajenovich.

New Chi Delta Phi pledges include Dick Brown, Dick Biersch, Don Elliot, Dick Nicolls, George Garner, Al Grass, Harry Plett, and Reid Butler. Faculty members Mr. O. C. Williams and Mr. James L. Bots also were present at the formal dinner.

## Reverend Talks To Calvin Club

Reverend Gordon Goldthwait of the First Presbyterian Church spoke to the Calvin Club on "Various Phases and Outlooks of Religion" Tuesday evening at the Campus Inn, 48 North Third street, according to Vice-president Art Grimaldo.

Rev. Goldthwait served during the war as a Chaplain with the Air Forces and spent one year in Germany.

## Sports Editor Receives Degree

Tom Rowen, San Jose News sports reporter for the past few months, received his A.B. degree in journalism last week, according to William E. Gould, Spartan Daily advisor.

Rowen has been connected with the sports department of the Spartan Daily, and was Sports Editor last Fall quarter. He was also a member of the college's public relations department and handled basketball and boxing stories last quarter.

## AERO LAB IN NEW QUARTERS

The Aeronautics section of the Engineering department is at the present time settling down in their new "lab" building, facing San Carlos street.

Students and instructors are devoting their spare time to installing equipment and putting their "lab" in order.

According to the Chief of the Aeronautics laboratory Donald L. James, the installation is about accomplished and the "lab" will again be running on schedule.

## Senate Wants More Draft Information

WASHINGTON, April 6 (UP)—Senators decided today they want more information about the need for a peacetime draft and universal military training.

The Armed Services committee voted on this Army day to call top officials of the three armed forces for further secret questioning before acting on the administration's latest defense proposals.

With both houses meeting on routine business, developments included:

Air power—A House Armed Services subcommittee asked President Truman to step up air force strength from 55 to 70 groups—immediately. The subcommittee adopted a resolution calling on the administration to submit budget estimates for making he recommended increase in fiscal 1949.

## UN FREEDOM OF PRESS MEET HELD IN GENEVA

NEW YORK, April 6.—(UP)—In a broadcast from Geneva over the Mutual Broadcasting System last night, Hugh Baillie, president of the United Press, said representatives of the working press of the world were hammering out a Magna Carta for press freedom at the Geneva Conference.

Baillie has been named consultant to the American delegation at the International Conference on Freedom of Information.

The text of Baillie's broadcast, as recorded by Mutual, follows: Newspapermen and diplomats from 53 nations are here in Geneva assembled in an International Conference on Freedom of Information under the auspices of the United Nations.

### MEET DAILY

They are meeting daily in four huge committee rooms in the great marble palace on the hill above Lake Geneva which was originally built for the old League of Nations. I would say that real progress is being made in the direction of facilitating the interchange of news among nations. The countries of the Americas, the Orient and Western Europe are working pretty well together. They have long speeches, of course, and extended exchanges of viewpoint but they do get together.

It might be said that more countries have been able to agree on more things in a shorter space of time at this meeting here in Geneva than at any other international gathering since the United Nations was first established.

This is a remarkable and hopeful sign when you remember that this is the first time that a conference of the size and scope of this one, on the single top of news-gathering and distribution and freedom of information, has ever been attempted.

### A WORLD APART

The Russian bloc in the conference is, of course, a world apart. They stand together and vote together on most propositions and most of these votes are in opposition to that of the Western nations.

Today, for example, the conference approved the American resolution giving the press of the world freedom to gather and disseminate news anywhere and everywhere. The vote was 30 to 5. Those who voted against the resolution were Russia, The Ukraine, Czechoslovakia, Poland and Yugoslavia. This is usually about the way the vote goes, 5 in the negative, 27 to 30 in the affirmative.

The conference is now working in committee. After the committees have adopted their resolutions they will be voted on as a proposed treaty in a plenary session. This treaty will then have to be sent to the legislatures of all the participating nations for final ratification.

This conference in Geneva is planning to conclude its sessions by April 20 but it may run longer. The original time table was April 23.

### CAN'T BE REJECTED

A resolution has been adopted to the effect that reporters cannot be ejected from countries unless they violate the laws of those countries. That is, they cannot be thrown out for what they write unless what they write conflicts with the law.

All of us know how many times newspapermen have been run out of countries for no reason at all except that that which they wrote was not in accord with the desires of the government involved. So this is a great step forward.

For those of us like the representatives of the United Press who have fought for a free press and free transmission of news for 40 years, it is most heartening to see such measures adopted as that which asks governments to take steps to give the widest possible access to news.

### NO CENSORSHIP

It is most encouraging to see the adoption of the principle that no censorship shall exist except that which is necessary to military security.

Then, today, the conference approved a resolution for equality of access to transmission facilities. Something for which there has been a long, long struggle.

The sessions are very formal. The chairman, secretaries and all the accessories of parliamentary procedure.

So here on the shores of Lake Geneva this band of newspapermen and diplomats is working day and night to bring final achievement to the measures which are necessary so that the news of the world may come to you faster, more accurately, and with less governmental interference than ever before in the history of newsgathering.

### AMERICAN NEWSPAPERMEN

Some of the American newspapermen who are working here to bring all this about are Sevellon Brown, editor of the Providence Journal and Bulletin, Erwin D. Canham, editor of the Christian Science Monitor, Mrs. Oveta Culp Hobby, publisher of the Houston Post and Harry Martin, president of the American Newspaper Guild. There are representatives of the State Department. William Benton, former Assistant Secretary of State, is chairman of the American delegation. Then there are newspapermen here from all over the world negotiating like seasoned diplomats. The entire conference is under the presidency of Gen. Carlos P. Romulo.

Proceedings usually start with huddles at half past eight in the morning. Then come the formal sessions lasting all day and at night there are meetings and caucuses until a late hour. Here the working press is really hard at work hammering out a new Magna Carta of freedom of the press.

## GOES EAST

### Registrar West To Attend Confab

Joe H. West, San Jose State college registrar, is leaving Thursday on a four-weeks' trip through the Middle West and East. He will attend the annual convention of the American Association for Collegiate Registrars in Philadelphia from April 19 to 22. While away, he will visit colleges and universities to study various kinds of registration systems.

### MISS ROOSE WILL RESIGN TO MARRY

Miss Josephine Roose, who has been in charge of the veterans' service office at San Jose State college since last October, has resigned, effective April 9, to be married. She will become the bride of Carl G. Arfwedson of Redondo Beach April 15. Arfwedson is the business manager of El Camino Junior college at Lawndale and the couple will make their home at Hermosa Beach.

Miss Roose is the daughter of Mrs. Augustine Roose of San Jose and is a graduate of San Jose High school. She was employed as a secretary in the high school office for ten years prior to November, 1946, when she accepted a position in the dean of men's office at San Jose State college. When the Veterans' Administration withdrew its office from the college last fall, Miss Roose was selected to head the veterans' service office established by the college.

Nobody can give you wiser advice than yourself. —Cicero

### HIGHWAY DEPT. WARNS MOTORISTS OF SNOW STORM ON MAIN HIGHWAYS

SACRAMENTO, April 6 (UP)—The State Division of Highways warned motorists that snow and high winds are blowing over U.S. 40 and U.S. 50, main highways over the Sierra into Nevada.

Trucks weighing two tons and over are being stopped at Placerville and Meyers until the storm is over.

The Division said it is snowing and drifting on State sign Route 89 north of Truckee and along the west shore of Lake Tahoe. The shore road is closed from Meeks Bay to Richardson. Chains are advisable from Truckee wye to Meeks Bay, from Richardson to Mays, Truckee to Hobart Mills, and Sierraville to Calpine. They are necessary from Hobart Mills to Sierraville and from Calpine to the Plumas County line.

Chains, U.S. 40: Advisable from

### SECOND COPIES OF PRINT BOOK GO TO PRESS

Professor Hartley E. Jackson said today the college printing department has had to make a second printing of a study entitled, "A Comparison of Letterpress and Lithography Costs of Ten Common Commercial Jobs." The study was written by a former San Jose State college student, Donald G. Keller. This second printing was necessitated by the demands made by large commercial printing plants, colleges where printing is taught, trade associations and trade journals.

Keller completed his education at San Jose State in 1943 and immediately accepted the position of production manager in a large printing plant in Seattle, Washington. He is a native of Aberdeen, Washington.

### SPARTA ROTC TEAM HOLDS OPEN HOUSE

The SJSC ROTC rifle team held open house yesterday at the National Guard Armory on No. Second street. Col. John H. Pitzer, head of the Military Science department, was on hand to answer questions as the team practiced.

The ROTC did not take part in Army Day demonstrations yesterday because of bad weather conditions. Drill practice has not been held for four weeks.

### PRATT WILL SING WITH STARS

Tommy Pratt, junior music major, will appear in the Wutzit club benefit show on Saturday evening, April 10, in Santa Clara, according to Sal Millan, publicity agent.

The Wutzit show will include performances by Danny Kaye, Red Skelton, Allen Young, Harry Von Zell, Marilyn Hare, Roddy MacDowell, and an orchestra headed by the director of music at NBC studios, Millan stated.

### Spartan Flyers Want Members

Applications are now being accepted by the Spartan Flyers Inc. for membership in their aerial club, Howard Stepp, vice president, announced yesterday.

According to Stepp any student is eligible to join, and should contact Mr. Donald James, adviser, in the Aero Lab on San Carlos turf before Wednesday, April 14.

### SJS GRADS ON AUDUBON STAFF

Two San Jose State college graduates are on the staff of the Audubon Nature Camp's summer session to be held this summer at Norden, California.

John Harville, now teaching in the science department at San Mateo Junior college, was graduated in 1940 with an A.B. in biological sciences. Ernestine Smith, also a 1940 graduate with an A.B. in biological science, is teaching at Santa Rosa high school.

Floyd J. Brown, another former Spartan, is director of the camp. He is now vice-principal of the Thomas Starr King Junior high school in Los Angeles. He has been teaching for 29 years.

The Audubon Society has rented the Sugar Bowl Lodge to house students.

### Horace T. Judson Speaks To Seniors

Horace T. Judson from Los Angeles, will speak to the senior orientation class tomorrow at 11:30 a.m. in the Morris Dailey auditorium, announces Bill Ellsworth, senior class president.

Judson, who heads the Hudson Stain Glass Window company, will show color slides in connection with his talk, Ellsworth said.

The seniors are considering buying a stain glass window for the proposed Memorial Chapel as the senior class gift to the college, explained the president.

### TWO CHEM. MAJORS RECEIVE AWARDS

Willette Petty, a senior chemistry major from Madera, has been awarded a fellowship by Mills college to study there for a master's degree in general chemistry. She will be graduated here in June and will enroll at Mills in September.

Another senior chemistry major, Adolph Crossfield from Redwood City, has been awarded an assistantship by Stanford university. He will serve as laboratory assistant in general chemistry while studying for his master's degree in chemistry. He was selected by the department of chemistry at Stanford on basis of grades, experience, and recommendations. Adolph will enroll at Stanford in September.

## San Jose State-Stanford Track Meet To Be Held In Football Bowl Saturday

The track meet between San Jose State and Stanford to be held this Saturday has been moved into the Indian football stadium since Angel Field, the site of past meets, can not accommodate enough people. The last time a meet was held in the huge bowl was in 1942.

Just what the condition of the track will be in as a result of long idleness, and the recent rains, is of course difficult to determine. It is well known, however, that winds sweeping through the open end of the stadium have always slowed down runners.

Stanford's coach, Jack Weierhouser, has been working hard with his team ever since October, and although he continually makes use of his "crying towel," the Indians appear to be much stronger than he is willing to admit.

Although most eyes will, of course, be upon likely winners in each event, the runners, jumpers, and throwers who place second and third, like the unheralded line-men in a football game, will undoubtedly make the difference between the two teams.

In the 440 the Cards have four men who have run 49 flat or better in Larry Hoff, Terry Maxwell, Pitch Johnson, and Al Wilkin, but the Spartans, Fred Mangini and Dick Webster, have shown great improvement and may be able to break up this combination.

Miler Gene Haynes and 880-man Thelmo Knowles are big favorites to win their events for San Jose, but a point or two by Bob Seymour may prove to be just as important.

In the discus, Woody Linn and Ray Overhouse have been breaking the records, but Grant Denmark was the most consistent of the trio last season, and could easily help sweep the event against Stanford.

Steve O'Meara and Bob Bingham almost always run behind their teammate Don Smalley, but if either of them can edge the Indians Terry Maxwell and Bob Wood in the 100 or 220, the outcome of the meet may be changed.

Much also hinges on whether broad jumper and low hurdler Bill Schemmel is in good condition for Saturday's meet. He injured his foot several weeks ago, and although it does not trouble him now, he has not been able to practice at all lately.

## Gaels Underdogs To SJS Swimmers

Though four men have been lost to the team since last quarter, Coach Charley Walker's swimmers will probably make it two in a row over St. Mary's today. The meet is scheduled for 4 p.m. in the Gael pool.

The Spartans defeated the Gaels earlier this year, 59-17, and practically the only Gael opposition came from Ralph "Hawall" Villiers, who won the 220 and finished second in the 100 and 440-yard freestyles.

The four men Walker has lost are freshman freestyler Ray Bennett, diver Bob Edminister, back-stroker Bill Peckham, and George Hodgins, also a freestyler.

## SJS Tennis Team Meets SFS Here

The only tennis match scheduled this week is with San Francisco State on the Spartan Field courts Saturday morning. The Spartans upset the 'Gators, 5-4, in San Francisco two weeks ago.

Recent rains have kept the team relatively inactive, but two changes have taken place on the ladder. Both Dave Parnay and Ed Terry have moved ahead of Don McKenzie. The Spartan record still stands at three victories and two defeats due primarily to Chet Bulwa and Jim Waterman, who have won five consecutive doubles matches.

## On The Cinderpaths

By CARL UNDERWOOD

The Spartan track team is already showing brilliant form this spring. It's going to be an especially long season, however, ending in London in August when the Olympic Games are resumed for the first time since 1936.

Men such as Thelmo Knowles, Bob Likens, Woody Linn and Ray Overhouse cannot be counted out as the competition increases for Olympic berths. Only three men and one alternate in each event will represent the United States, which means rivalry will reach a new high as the national meets approach in June and July.

### HALF MILE MAN

Knowles, who is probably the best competitor on the team, ran fourth in the 880 last year at both the NC2A and AAU meets. He was clocked in better than 1:52 flat each time, and if he approaches 1:50, as Coach Bud Winter believes he can, his chances of making the trip to London are very good.

Likens is far ahead of the marks he was making at this time last season, and is already crowding his all-time best javelin throw of 214'10". Although he may not equal the performances of Bob Seymour and Martin Biles, who both shattered the American record last season with tosses of 248'10" and 236'5" respectively, the NC2A champ of 1946 and '47 should be in the thick of the fight for the number three position.

### LIGHTWEIGHT LINN

Linn, who has trained down to 285 lbs., and Overhouse could both make the grade in the discus. Each has shattered Linn's old school record of 156' with throws of 157' and 157'2", and should better 160' as the season continues.

This places them among the select few as only Fortune Gordien has bettered 160' so far this year.

### DISCUS DUDES

It has practically been the U. S. against the University of Minnesota in the field of discus throwing the past few years. Ex-Gopher Bob Fitch smashed the world record in 1946 with a heave of over 180', and teammate Gordien, who graduated last year, has done 175'. The latest prospect is freshman Burle Thompson, who, not to be outdone by his predecessors, tossed a lighter platter 180' while still in high school.

If even a single Spartan turns the trick and makes the U. S. team, it will be the first time in the school's history such a feat has been accomplished.

## Spartan Nine To Play Navy Today

Weather permitting, the Spartan nine will tangle with the sailors from Moffett Field this afternoon at their home field.

Con Maloney or Ralph Romero will do the hurling for the locals, while Pete Denevi is slated for the receiving department.

Thursday the Gold and White depart for Fresno, where they will meet the Fresno State Bulldogs in a three-game series. The Williamsen need a victory in this CCAA series if they are to stay within reach of the league-leading COP squad.

The Tigers have shown themselves to be the class of the conference and they will be hard to stop. They have, among many able players, one Eddie Le Baron. Le Baron, a second baseman, will be remembered by San Jose fans for his sparkling quarterbacking on last year's Raisin Bowl champs.

Last week the University of San Francisco dropped a close game to the Spartans, 2-0, at the Municipal Stadium.

The next home game will pit the St. Mary's Gaels against the Spartans, Saturday, April 16.

## Eighty Out For Spring Training

Eighty new candidates for varsity football were given information on seven basic blocking patterns, and an outline of the organization and purpose of spring training Monday and Tuesday by Coach Bill Hubbard.

Equipment will be issued today, and the centers and quarterbacks will begin work on T-formation passing and footwork. The rest of the men will be working themselves into condition.

Coach Hubbard told the footballers Monday that the purpose of spring training is to give the coaches time to putter around with new ideas, and to give the fellows a basic knowledge of his style of ball.

"There will be a rapid cut," said Coach Hubbard, "and conditioning may be the deciding factor in our decisions when we make the cuts."

Old varsity men will come out on May 3, according to Coach Hubbard.

China's hopes in the annual April 19 Boston marathon hinge on a pair of mail order shoes. Without suitable footwear, Wang Chen-Ling didn't figure he'd be able to do his best in the 26 mile, 385 yard grind sponsored by the Boston Athletic Association.

Wednesday, April 7, 1948

SPARTAN DAILY 5

## Wrestling Championships Will Be Held At California Friday And Saturday

The University of California will play host for the Pacific Coast Intercollegiate wrestling championships Friday and Saturday of this week in Berkeley.

### EIGHT WRESTLERS

Spartan Coach Ted Mumby has entered an eight man team

headed by Fred Albright and Pat Felice. The rest of the squad includes George Yee, Tom Payne, Sam Lawson, Jim Elliot, Don Foster, an dPhil Bray. Both Albright and Felice have qualified for the final Olympic Games trials to be held in Ames, Iowa, in May.

The following schools have entered teams: UCLA, California, Stanford, Cal Poly, San Jose State, Washington, and Washington State.

### OLYMPIC TRIALS

San Diego State, champion last year, will not defend. The 14th district Olympic trials are being held there this weekend. Three Spartans, John Jackson, Bill Wardrup, and Ralph Payne, will attempt to qualify again from that district.

The Spartans finished second last year. Though minus Jackson, Wardrup, and Payne, the team has still more than an outside chance for the title.

San Jose State college boxers have won every CCAA tournament that the league has held. In 1948 they won every weight division with the exception of the heavyweight class.

## Softball League Under Way Soon

Interest in the Spartan Daily Softball league is mounting rapidly. "Dutch" Thomas, tournament manager for the league, stated yesterday. Several organizations and departments have already signed to enter teams in the league.

League rules call for a minimum of 15 men on each team roster. Team rosters should be submitted to Coach Ted Mumby in the gym, or Rex Parrish in the Publications office.

Each team member is expected to contribute 25 cents to the league. The money will be used to finance a trophy or plaque to be presented to the tourney winner at the end of the season.

More information about the league will be published as the details of scheduling and organizing are worked out.

## Verducci Selects Gael Assistants

MORAGA, Calif., April 6. (UP) —George Arabian, 30, a St. Mary's graduate and George Poppin, 29, formerly of University of Santa Clara, today were named backfield and line coach, respectively, at St. Mary's college by new Head Football Coach Joe Verducci.

Verducci also announced that George Barnes, who played quarterback in the T-formation under Clark Shaughnessy at University of Maryland, had been hired for the 30-day spring practice to help find a T-formation quarterback on the Gael squad.

## ALUMNI BOARD MEETS HERE

The home of Mrs. Louis Wine, 1815 Naglee, in San Jose, will be the meeting place for the San Jose State Alumni executive board on April 21. A business meeting to make final plans for homecoming will follow dinner. Miss Mary Hooton, of the Women's physical education staff, is chairman of the committee, reported Miss Doris Robinson of the placement office. Plans for homecoming, so far as known, give the date as June 12, and will feature a luncheon under the trees at the main entrance of the college.

## President Busy

San Jose State college President Thomas W. MacQuarrie will attend a California Council of Education meeting in San Francisco Friday, Saturday, Dr. MacQuarrie will be in Los Angeles to attend a meeting of the Western College association to be held on the University of California at Los Angeles campus.

## Announcements
